our thoughts concerning the role that could be played [REDACTED]

25X1X7

25X1A9a

[REDACTED] was trying, on our behalf, for a

meeting with [REDACTED]

25X1X7

25X1A9a

was opposed to our contact with [REDACTED] and [REDACTED] still questions

the priority for East German topographic maps. Since this meeting

25X1A9a

[REDACTED] has been successful in arranging a briefing for the General,

though discussion of specific collection has been denied as part of

the briefing. (Secret/Noform)

25X1A8a Initial discussions were held with the Deputy Chief of

[REDACTED] concerning a possible joint project to include domestic

25X1A2d1

exploitation of [REDACTED] for additional ops leads, to be followed

25X1A6a

by a period of exploitation [REDACTED] This would include the use of

a Contract Agent. No immediate opposition was met (even though it

was a new idea) but further discussions will be necessary to sell this

25X1A8a

program. [REDACTED] recognizes the requirement, and would like nothing better

than to pull the collection off; however, they are faced with limited

manpower that could be applied to digging out ops leads, which would

be the time consuming part of the project. (Secret/Noform)

3.

[REDACTED] have shown increasing interest in our requirements, and we are working together on several items. They have located several dozen volumes on geodesy in the USSR; we are now checking availability of this material in the

25X1X7

U. S. [REDACTED] has requested "gap" requirements on geodesy of the USSR to use in connection with what they feel is a potential "capability" along these lines. (Secret/Noform)

5. A meeting was held with EE/P concerning several ops leads and follow-up of activities already underway. Included were ideas on how to reach [REDACTED] (mentioned above), requirements on the defected [REDACTED]

based on his knowledge of [REDACTED]

6. Our first contact was made with FE/China. We briefed a group on our requirements and support activities, and they discussed with us their estimate of the collection potential. After a review of support documents that had been prepared by us for other countries, they

requested that similar material be prepared for them, and went further in stating that it was the best of its type that they had seen. This means biographic reports, target analyses, and ops leads. We dis-

in FE. They indicated, informally, that there would be no problem in obtaining DD/P concurrence for a trip to the Far East early next year. A request-for-travel staff study is in preparation. (Secret)

7. Several discussions were held with [REDACTED] concerning  
25X1A6a

[REDACTED] We have furnished them with additional information

25X1A6a [REDACTED] and an excellent contact lead obtained from [REDACTED] 25X1A9a

25X1A9a [REDACTED] They now request a letter of introduction from [REDACTED]

25X1A6a for their [REDACTED] No security problem. [REDACTED] has  
agreed. (Secret/Noform - Sensitive) 25X1X6

25X1X6<sup>8</sup> We debriefed [REDACTED]

25X1X6 [REDACTED] A8a  
with EE/G/S&T and CD/OO. [REDACTED] is of considerable interest to [REDACTED]

25X1X4 especially for his potential on China (where he is now) and the USSR.

25X1X4 [REDACTED] has agreed to sound out [REDACTED]

25X1A9a [REDACTED] 25X1X6  
25X1X6 [REDACTED] on the possibilities of their sending [REDACTED]  
[REDACTED] in order that he might be of  
use to us over a longer period of time. (Secret/Noform - Sensitive)

9. A meeting was held with EE/G/S&T to discuss a multitude of items connected with our program, including the business with [REDACTED] 25X1X6  
above. We were informed that an initial attempt was made against [REDACTED] 25X1X6

It was based on [REDACTED] 25X1X4 ops lead which we had provided, and we feel was a flop because [REDACTED] (Secret/
